

August 2021

Dear Students,

Welcome to fourth grade! My name is Mrs. Boney and I will be your teacher this year. I hope that you have been enjoying your summer vacation. I am looking forward to meeting each of you and beginning a fantastic year together!

During the first week of school, we will spend some time discussing our favorite books from our summer reading. Please bring in your summer reading log so you can recommend some books to your classmates. Also, please bring in one fiction chapter book that you would like to begin reading. This will be your independent reading book for the first week of school.

To prepare for Writer's Workshop, please choose one of your sturdy marble notebooks and decorate the back and front with photos, pictures, words, and phrases that showcase YOU, what you love, and what you find inspiring. It might be a good idea to ask an adult to help you put clear contact paper or clear packaging tape on top to preserve all of your clippings.

You are welcome to bring a healthy peanut and tree nut free snack to school each day such as fruit, cheese and crackers, pretzels, vegetables or yogurt (no candy please 😊). You may also bring a water bottle.

I am excited to begin a productive and enjoyable school year with you! Your own unique thoughts and talents will make our classroom a wonderful place to learn together. I will see you in September!

Sincerely,

Mrs. Boney
