

Dear Parents,

I would like to extend a very warm welcome to both you and your child. I am looking forward to an exciting and successful school year!

My goal for this year is to instill a love of learning in your child through a nurturing environment that promotes both responsibility and respect for others. Students will be appropriately challenged in order to build their academic and social self-confidence. Your child will gain independence through activities designed to develop his or her listening and decision-making skills. Students will be empowered to take ownership of their learning and behavior.

Our curriculum will include a multi-sensory approach in both math and language arts to meet the academic needs of all students. Much of the program will be center-based, providing your child the opportunity to learn from small group instruction.

Please know that I am always available to communicate with you regarding individual needs or concerns. Please do not hesitate to call or e-mail. I am looking forward to a successful social, emotional and academic school year for your child.

Sincerely,

Mr. Orlowski  
Special Education Teacher
