

Welcome to fifth grade students and parents,

I am so excited to meet you all and start our year together! It is going to be a fantastic year of learning. That is one of my favorite things to do. I love learning new things. I hope you can say the same. I am especially excited to start talking about all the books I read this summer. Please be ready to tell us all about a book you read too.

One way that this year will be new and exciting is our increased use of technology. I am excited to try to have our classroom be as paperless as possible. With the use of Chromebooks we can try to achieve this together. While I am excited to show you all I know, I am sure you will have a wealth of information to share as well.

To be successful in our technology journey we need to be able to contact each other through email. Mine is cwicks@portjeffschools.org. Feel free to reach out. I would love to hear from you.

As always we will be eating snacks in our room. Since there are a number of food allergies in our school, I ask that you do not bring any nut products into our classroom until we figure everything out. This may change in time, but for the start of the school year please be respectful of this request for the safety of all. If you, or your child, have any allergies, or concerns I should be aware of before meeting, please email me.

I cannot wait to meet you all. I am so excited for school to start.

See you soon!

Mrs. Wicks
