Re: Holiday Spirit

The Holiday Season is here again and we are in need of donations and help for some of our families in the Port Jeff Community. Each year our number of families in need seem to increase and this year is no different. With that in mind I am asking if you would be willing to adopt a child and/or a family and purchase gift items for the December holidays. It is also helpful if you could donate gently used items and/ or items that have never been used, money or gift cards in lieu of adoption and getting specific items.

If you would like to participate, please contact me at your earliest convenience. This would be purely a donation to needy families in our district and not refundable; but you are able to claim it on your income tax.

It would mean so much to help to make our local families' holiday season more enjoyable.

If you have any additional questions or concerns, please feel free to contact me.
Sincerely,

Kristin Britt
