

**Port Jefferson SEPTA
General Membership Meeting
April 18, 2018
7pm-9pm
Port Jefferson High School Library**

We welcome you to our first general membership meeting. We want to hear from you. We welcome your ideas for supporting our children, fundraising and advocacy. Please attend!

In honor of **Autism Awareness Month**
We will be hosting our first guest speaker:
Dr. Matthew Lerner, Ph.D.

Assistant Professor of Psychology, Psychiatry, & Pediatrics
Department of Psychology
Stony Brook University

Dr. Lerner and his team focus on understanding how kids and teens connect to one another and make friends and helping to develop new ways to help them to do so.

The lab has a particular focus on helping those with autism spectrum disorders (ASD) and attention deficit/hyperactivity disorder (ADHD).

We really hope you will attend and take advantage of this incredible opportunity to meet Dr. Lerner and his staff.
