

## July Lacrosse Clinic!

We are excited to announce a new "All Abilities" lacrosse league! We are offering any and all age groups the opportunity to experience the sport of lacrosse in a non-competitive atmosphere. Each child with special needs will be paired with an experienced player, both on and off the field.

**This program is completely FREE!**

Our volunteers range from **professional lacrosse players**, experienced coaches, special educators, parents, and of course our student/player volunteers!

**TUESDAY**

**30 JULY**

5:30 pm

Centereach High School

Participants will have the opportunity to try the equipment, and meet our buddy volunteers & coaches!

To register, please either call 631-525-7514 or email [sensorysolutionsli@gmail.com](mailto:sensorysolutionsli@gmail.com)

# LACROSSE CLINIC

Everyone receives a **FREE** logo T-shirt!

Our mission is to create an inclusive environment that grows friendships, as well as encourages an acceptance of all children. We are hoping to build a foundation where children with disabilities can increase their confidence & social skills through lacrosse, as well as create life-long memories & positive experiences for all involved.
