Kids Clubhouse of Suffolk is a Registered 501C3 Not for Profit organization. Our programs serve youth at the Elementary, Junior High and High School age levels. Our Clubhouse is located in Port Jefferson Station where we offer activities in the arts, sciences, math, health & wellness, physical education, technology, recreation and so many other areas of interest. Our facility offers a safe environment for the youth in our communities. We have been working with both the Three Village and Comsewogue School Districts for four decades to provide comprehensive homework help during after school hours.

We provide age appropriate programs and activities for all of the children living in our communities. The Kids Clubhouse of Suffolk County has a very important responsibility, and we take that responsibility very seriously because we believe in the vast potentials of every child we serve. We offer good things in order to keep bad things out of the lives of our young people.

Please pledge your support to our local children of the Kids Clubhouse of Suffolk by supporting the 2017 Annual Golf Outing.

Honoring
Stan Abrahamsen,
Operator of Chick-fil-A,
Port Jefferson

**TOGETHER WE CAN
ACHIEVE OUR MISSION:**

To inspire and enable local young people, especially those who need us most to reach their full potential as productive, caring and responsible human beings.
