Port Jefferson Union Free School District

Dear Board Members:

We have audited the financial statements of Port Jefferson Union Free School District (the District) for the year ended June 30, 2022, and have issued our report thereon dated October 18, 2022. Considering the test character of our audit, you will appreciate that reliance must be placed on adequate methods of internal control as your principal safeguard against irregularities which a test examination may not disclose. We now present for your consideration our comments and recommendations based upon observations made during our audit.

This report is intended solely for the information and use of the Board, management and others within the District.

Inventory and Capitalization Policy Thresholds

Currently, the District has a policy of recording inventory and capitalizing purchases with a cost over \$1,000 and \$2,000, respectively. This threshold is considered low when compared to other school districts. Additionally, this threshold results in additional staff time to track. We recommend that the District raise the threshold for both inventory and capitalizing assets to costs over \$5,000.

Payroll Procedures Policy

During our review of District policies, we noted in the payroll procedures policy a sentence that stated "A periodic test will be conducted to verify accuracy and appropriateness of District payrolls." We discussed this item with management who stated they do not perform any specific test or set of procedures but instead this is performed by the District's claims auditor. We recommend that this policy be amended to clarify whom performs the test as well as what procedures are to be performed.

We wish to take this opportunity to express our appreciation for the courtesy and cooperation extended to us by the District's personnel during our audit. If you have any questions regarding the foregoing comment or wish any assistance in their implementation, please contact us at your convenience.

Very truly yours,
