#### INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Port Jefferson Union Free School District

#### **Report on Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the fiduciary funds of Port Jefferson Union Free School District, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the fiduciary funds of Port Jefferson Union Free School District, as of June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

ISLANDIA: 3033 EXPRESS DRIVE NORTH, SUITE 100 • ISLANDIA, NY 11749 WHITE PLAINS: 50 MAIN STREET, SUITE 1000 • WHITE PLAINS, NY 10606 PHONE: (631) 234-4444 • FAX: (631) 234-4234

#### Emphasis of Matter - Change in Accounting Principle

As described in Note 1 to the financial statements, in 2015, Port Jefferson Union Free School District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27 and No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date. Our opinion is not modified with respect to this matter.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of funding progress, schedule of District's proportionate share of the net pension liability, and the schedule of District's contributions on pages 3 through 14 and 48 through 52, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Boards, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Port Jefferson Union Free School District's basic financial statements. The other supplementary financial information as listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the financial statements.

The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 28, 2015 on our consideration of Port Jefferson Union Free School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Port Jefferson Union Free School District's internal control over financial reporting and compliance.

R.S. Abrams & Co., LLP Islandia, NY

September 28, 2015

The Port Jefferson Union Free School District's discussion and analysis of the financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2015 in comparison with the year ended June 30, 2014, with emphasis on the current year. This should be read in conjunction with the financial statements, which immediately follow this section.

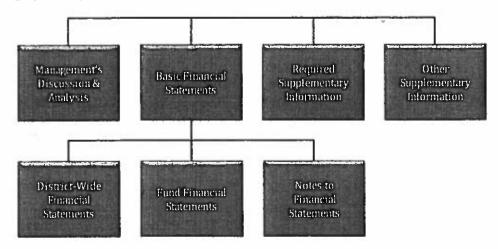

#### 1. FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2015 are as follows:

- The District's total net position, as reflected in the district-wide financial statements, increased by \$2,348,673. This was due to an excess of revenues over expenses based on the accrual basis of accounting.
- The District's total net position at June 30, 2014 was restated and increased by \$2,599,921 as a result of the required implementation of the new GASB accounting standards during the 2015 fiscal year. These new GASB accounting standards have no impact on the governmental funds financial statements.
- The District's expenses for the year, as reflected in the district-wide financial statements, totaled \$38,967,499. Of this amount, \$1,259,195 was offset by program charges for services and grants. General revenues of \$40,056,977 amount to 96.90% of total revenues and covered the balance of program expenses.
- The general fund's total fund balance, as reflected in the fund financial statements, increased by \$1,594,780. This was due to an excess of revenues over expenditures based on the modified accrual basis of accounting.
- The budget for the 2015-16 school year in the amount of \$42,397,368 was approved by the voters on May 19, 2015. The budget presented to the taxpayers showed a 5.13% spending increase from the prior year budget.
- The District's 2015-16 property tax levy of \$34,644,427 was a 1.62% increase over the 2014-15 tax levy. The District's property tax cap was 1.62%.
- The District received a Legislative Grant from New York State in the amount of \$250,000, which was transferred by board resolution to the capital projects fund for bathroom renovations.
- In accordance with Education Law Section 3651, the voters of the District passed a proposition to
  establish a capital reserve to fund future capital improvements in the amount of \$10,000,000 for a term
  not to exceed ten years. The maximum annual funding into the capital reserve is \$1,500,000. During the
  current fiscal year, the capital reserve was funded to the annual maximum.

#### 2. OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – management's discussion and analysis (MD&A), the basic financial statements, required supplementary information, and other supplementary information. The basic financial statements consist of district-wide financial statements, fund financial statements, and notes to the financial statements. A graphic display of the relationship of these statements follows:

#### A. District-Wide Financial Statements

The district-wide financial statements present the governmental activities of the District and are organized to provide an understanding of the fiscal performance of the District as a whole in a manner similar to a private sector business. There are two district-wide financial statements - the Statement of Net Position and the Statement of Activities. These statements provide both an aggregate and long-term view of the District's finances.

These statements utilize the accrual basis of accounting. This basis of accounting recognizes the financial effects of events when they occur, without regard to the timing of cash flows related to the events.

#### The Statement of Net Position:

The Statement of Net Position presents information on all of the District's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference reported as net position. Increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

#### The Statement of Activities:

The Statement of Activities presents information showing the change in net position during the fiscal year. All changes in net position are recorded at the time the underlying financial event occurs. Revenues are recognized in the period when they are earned and expenses are recognized in the period when the liability is incurred. Therefore, revenues and expenses are reported in the statement for some items that will result in cash flow in future fiscal periods.

#### **B.** Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, not the District as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District also uses fund accounting to ensure compliance with finance-related legal requirements. The funds of the District are reported in the governmental funds and the fiduciary funds.

#### Governmental Funds

These statements utilize the modified accrual basis of accounting. This basis of accounting recognizes revenues in the period that they become measurable and available. It recognizes expenditures in the period in which the District incurs the liability, except for certain expenditures such as debt service on general long-term indebtedness, claims and judgments, compensated absences, pension costs, and other postemployment benefits, which are recognized as expenditures to the extent the related liabilities mature each period.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the district-wide financial statements. However, the governmental fund financial statements focus on shorter term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year for spending in future years. Consequently, the governmental fund statements provide a detailed short-term view of the District's operations and the services it provides.

Because the focus of governmental funds is narrower than that of district-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the district-wide financial statements. By doing so, you may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains five individual governmental funds: general fund, special aid fund, school lunch fund, debt service fund and capital projects fund, each of which is considered to be a major fund and is presented separately in the fund financial statements.

#### Fiduciary Funds

Fiduciary funds are used to account for assets held by the District in its capacity as agent or trustee and utilize the accrual basis of accounting. All of the District's fiduciary activities are reported in separate statements. The fiduciary activities have been excluded from the District's district-wide financial statements because the District cannot use these assets to finance its operations.

#### 3. FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

#### A. Net Position

The District's total net position increased by \$2,348,673 between fiscal year 2015 and 2014. A summary of the District's Statements of Net Position follows. The June 30, 2014 net position has been increased by \$2,599,921 resulting from the implementation of GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date—an Amendment of GASB Statement No. 68. Additionally, the June 30, 2014 balances reflect net pension assets and liabilities and deferred outflows of resources in accordance with the new GASB statements. The restatement is discussed further in Note 17.

	2015		As Restated 2014		Increase (Decrease)	Percentage Change
Current and Other Assets Capital Assets, Net	\$ 21,007,732 13,989,633	\$	19,325,787 15,038,661	\$	1,681,945 (1,049,028)	8.70 % (6.98)%
Net Pension Asset - Proportionate Share	 10,766,658		624,830		10,141,828	1623.13 %
Total Assets	 45,764,023		34,989,278		10,774,745	30.79 %
Deferred Outflows of Resources	 2,830,206		2,468,888		361,318	14.63 %
Current and Other Liabilities Long-Term Liabilities	3,275,909 7,825,015		3,057,660 8,907,097		218,249 (1,082,082)	7.14 % (12.15)%
Net Other Postemployment Benefits Obligation	23,816,780		21,133,361		2,683,419	12.70 %
Net Pension Liability - Proportionate Share	 369,157	_	493,797		(124,640)	(25.24)%
Total Liabilities	 35,286,861		33,591,915	_	1,694,946	5.05 %
Deferred Inflows of Resources	8,141,895		1,049,451		7,092,444	675.82 %
Net Position						
Net Investment in Capital Assets	9,124,633		9,038,661		85,972	0.95 %
Restricted	13,707,699		11,689,929		2,017,770	17.26 %
Unrestricted (Deficit)	 (17,666,859)		(17,911,790)		244,931	(1.37)%
Total Net Position	\$ 5,165,473	_\$	2,816,800	\$	2,348,673	83.38 %

Current and other assets increased by \$1,681,945 during the year. The District's cash position increased by \$1,566,955 as the District generated positive cash flow from operations during the year, and amounts due from federal, state and other governments increased by \$120,049.

Capital Assets, net decreased during the year by \$1,049,028. The current year depreciation expense of \$1,512,512 was offset by equipment purchases and capital project expenditures totaling \$463,484.

Net pension asset – proportionate share increased by \$10,141,828, as compared to the prior year. This asset represents the District's share of the New York State Teachers' Retirement System's collective net pension asset at June 30, 2014, the measurement date.

Deferred outflows of resources represents contributions to the retirement plans subsequent to the measurement dates and actuarial adjustments at the plan level that will be amortized in future years.

Current and other liabilities increased by \$218,249, mainly due to an increase in amount due to the teachers' retirement system, as the contribution rate increased from 16.25% in 2014 to 17.53% in 2015, a 7.9% increase.

Long-term liabilities decreased by \$1,082,082, principally due to the repayment of \$1,135,000 of serial bond principal.

Net other postemployment benefits (OPEB) obligation increased by \$2,683,419, as compared to the prior year. This increase is the result of the current year OPEB costs on the full accrual basis of accounting in excess of the amount reflected in the governmental funds on the modified accrual basis (pay as you go). The accompanying Notes to Financial Statements, Note 15 "Postemployment Benefits", provides additional information.

Net pension liability – proportionate share decreased by \$124,640 in the current year. This liability represents the District's share of the New York State and Local Employees' Retirement System's collective net pension liability at March 31, 2015, the measurement date.

Deferred inflows of resources represents actuarial adjustments at the pension plan level that will be amortized in future years.

The net investment in capital assets, relates to the investment in capital assets at cost such as land; construction in progress; buildings and improvements; site improvements; and, furniture and equipment, net of depreciation and related debt. This number increased over the prior year as follows:

	Increase (Decrease)
Capital asset additions Principal debt reduction of construction bonds Depreciation expense	\$ 463,484 1,135,000 (1,512,512)
	\$ 85,972

The restricted amount of \$13,707,699 relates to the District's reserves. This number increased over the prior year by \$2,017,770 as a result of board approved transfers and interest earned.

The unrestricted amount of \$(17,666,859) relates to the balance of the District's net position. This balance does not include the District's reserves, which are classified as restricted. Additionally, in accordance with state guidelines, the District is only permitted to fund OPEB on a "pay as you go" basis, and is not permitted to accumulate funds for the net OPEB obligation. This deficit decreased from the prior year by \$244,931, primarily as a result of the inclusion of the proportionate share of the state retirement plans' collective assets, deferred outflows, liabilities and deferred inflows offset by an unfunded addition to the OPEB liability.

#### B. Changes in Net Position

The results of this year's operations as a whole are reported in the Statement of Activities in a programmatic format. In the accompanying financial statements STAR (school tax relief) revenue is included in the other tax items line. However, in this MD&A, STAR revenue has been combined with property taxes. A summary of this statement for the years ended June 30, 2015 and 2014 is as follows:

			Increase	Percentage
	2015	2014	(Decrease)	Change
Revenues				
Program Revenues				
Charges for Services	\$ 664,497	\$ 629,005	\$ 35,492	5.64 %
Operating Grants & Contributions	594,698	684,130	(89,432)	(13.07)%
General Revenues				
Property Taxes and STAR	34,092,177	33,610,268	481,909	1.43 %
State Sources	3,384,306	3,074,415	309,891	10.08 %
Other	2,580,494	2,383,233	197,261	8.28 %
Total Revenues	41,316,172	40,381,051	935,121	2.32 %
Expenses				
General Support	6,508,378	6,164,421	343,957	5.58 %
Instruction	30,097,363	32,632,534	(2,535,171)	(7.77)%
Pupil Transportation	1,898,512	1,945,295	(46,783)	(2.40)%
Debt Service - Interest	229,601	277,756	(48,155)	(17.34)%
Food Service Program	233,645	210,314	23,331	11.09 %
Total Expenses	38,967,499	41,230,320	(2,262,821)	(5.49)%
Increase / (Decrease) in Net Position	\$ 2,348,673	\$ (849,269)	\$ 3,197,942	(376.55)%

The 2014 information was not restated because all the information necessary was not readily available. The cumulative effect of applying the change of accounting principle is shown as an adjustment to the beginning net position. See Note 17 for more information.

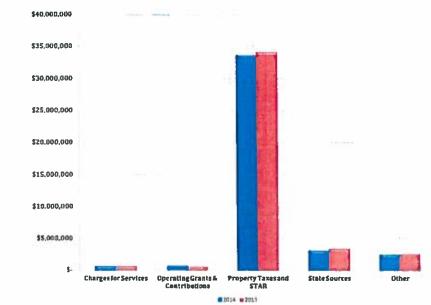

The District's net position increased \$2,348,673 and decreased \$849,269 for the years ended June 30, 2015 and 2014, respectively.

The District's revenues increase by \$935,121 or 2.32%. Property tax and STAR revenue increased \$481,909, which was within the 2% tax cap legislation. State aid increased by \$309,891 as the District received a special legislative grant for \$250,000.

The District's expenses for the year decreased by \$2,262,821 or 5.49%. The major contributing factor to this decrease was a decrease in pension expense as a result of the implementation of GASB 68, which reduced expenses \$3,229,151. The 2014 summary of changes in net position was not restated as the changes from 2013 were not available.

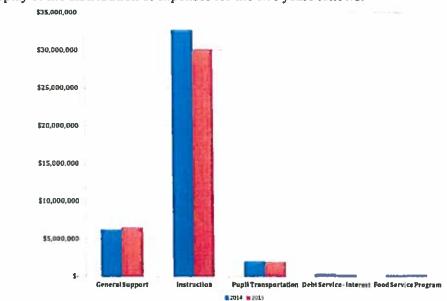

As indicated on the graphs that follow, real property taxes and STAR is the largest component of revenues recognized (i.e., 82.50% and 83.20% of the total for the years ended June 30, 2015 and 2014, respectively). Instruction expenses is the largest category of expenses incurred (i.e., 77.24% and 79.15% of the total for the years ended June 30, 2015 and 2014, respectively).

#### A graphic display of the distribution of revenues for the two years follows:

		Charges for Services	Operating Grants & Contributions	Property Taxes and STAR	State Sources	Other
Ì	2014	1.6%	1.7%	83.2%	7.6%	5.9%
	2015	1.6%	1.4%	82.5%	8.2%	6.3%

#### A graphic display of the distribution of expenses for the two years follows:

	General		Pupil	Debt Service -	Food Service
	Support	Instruction	Transportation	Interest	Program
2014	15.0%	79.1%	4.7%	0.7%	0.5%
2015	16.7%	77.2%	4.9%	0.6%	0.6%

#### 4. FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

At June 30, 2015, the District's governmental funds reported a combined fund balance of \$16,625,354 which is an increase of \$1,787,050 over the prior year. This increase is due to an excess of revenues over expenditures based on the modified accrual basis of accounting. A summary of the change in fund balance by fund is as follows:

	2015	2014	Increase (Decrease)
General Fund			
Restricted:			
Workers' compensation	\$ 2,081,718	\$ 1,786,213	\$ 295,505
Unemployment insurance	1,601,912	1,596,825	5,087
Retirement contribution	2,972,696	2,764,064	208,632
Employee benefit accrued liability	2,745,287	2,736,741	8,546
Capital	1,500,000		1,500,000
Assigned:			
Unappropriated fund balance	736,439	1,235,306	(498,867)
Unassigned: Fund balance	1,688,420	1,612,543	75,877
_	13,326,472	11,731,692	1,594,780
School Lunch Fund			
Nonspendable: Inventory	468	14	454
Assigned: Unappropriated fund balance	34,435	-	34,435
Unassigned: Fund balance (deficit)		(11,259)	11,259
_	34,903	(11,245)	46,148
Debt Service Fund			
Restricted: Debt service	2,806,086	2,806,086	*
Capital Projects Fund			
Assigned: Unappropriated fund balance	457,893	311,771	146,122
	· · · · · · · · · · · · · · · · · · ·		
Total Fund Balance	\$ 16,625,354	\$ 14,838,304	\$ 1,787,050

#### A. General Fund

The general fund operated at a \$1,594,780 profit during the year, a decrease of \$1,088,256 from the prior year. Actual revenues increased by \$998,401, mainly due to an increase in real property tax and state aid revenue of \$854,082. Actual expenditures increased by \$2,086,657. The District transferred \$450,000 to the capital projects fund for building improvements during the year.

#### **B.** School Lunch Fund

The net change in the school lunch fund – fund balance is an increase of \$46,148, which was the operating profit incurred during the year. In the prior year, the school lunch fund incurred an operating loss of \$9,983.

#### C. Capital Projects Fund

The net change in the capital projects fund – fund balance increased by \$146,122, which was the amount that the interfund transfer revenue from the general fund exceeded current year expenditures on capital projects.

#### 5. GENERAL FUND BUDGETARY HIGHLIGHTS

#### A. 2014-15 Budget

The District's general fund adopted budget for the year ended June 30, 2015 was \$40,326,848. This amount was increased by encumbrances carried forward from the prior year in the amount of \$1,235,306 and budget revisions totaling \$380,100, for a total final budget of \$41,942,254.

The budget was funded through a combination of revenues and appropriated fund balance. The majority of this funding source was \$34,092,063 in estimated property taxes and STAR.

#### B. Change in General Fund's Unassigned Fund Balance (Budget to Actual)

The general fund's unassigned fund balance is the component of total fund balance that is the residual of prior years' excess revenues over expenditures, net of transfers to reserves, appropriations to fund the subsequent year's budget, encumbrances and amounts classified as nonspendable. The change in this balance demonstrated through a comparison of the actual revenues and expenditures for the year compared to budget follows:

Opening Unassigned Fund Balance	\$ 1,612,543
Revenues Under Budget	(68,749)
Expenditures and Encumbrances Under Budget	2,272,396
Allocation to Reserves	(2,100,100)
Interest Allocated to Reserves	(27,670)
Closing Unassigned Fund Balance	\$ 1,688,420

#### Opening, Unassigned Fund Balance

The \$1,612,543 shown in the table is the portion of the District's June 30, 2014 fund balance that was retained as unassigned. This was 4% of the District's 2014-15 approved operating budget of \$40,326,848, and is within the maximum unassigned fund balance permitted by law.

#### Revenues Over Budget

The District's actual revenues were less than the amount estimated by \$68,749. The District collected \$105,121 less state aid than originally estimated.

#### **Expenditures and Encumbrances Under Budget**

The District's expenditures and encumbrances totaling \$39,669,858 were \$2,272,396 less than budgeted. Some of the factors contributing to this positive variance were:

Central Services - Savings on utilities and custodial overtime.

Programs for students with disabilities – Decrease in out of district student placements and savings on leave replacements for staff.

Teaching regular school - Savings on instructional leave replacements for staff, decreases in sick payouts to staff and less contractual testing costs than anticipated.

Pupil Transportation – The May consumer price index which drives contract cost was less than budgeted, less athletic teams made the playoffs than budgeted and buses shared with other districts reduced private school transportation costs.

Employee Benefits - Employee health insurance contribution increases and decreases in health declination payments via collective bargaining reduced the District's share of health insurance costs.

#### Allocation to Reserves

Pursuant to resolutions by the Board of Education, the District transferred \$2, 100,100 to the following reserves to set aside funds to cover future District expenditures:

#### Reserve for:

Capital Workers' compensation	\$ 1,500,000 400,000
Retirement contribution Unemployment insurance	200,000 100
	\$ 2100100

#### Closing, Unassigned Fund Balance

Based upon the summary changes shown in the above table, the unassigned fund balance at June 30, 2015 was \$1,688,420. This amount equals 3.98% of the 2015-16 voter approved budget and is within the 4% statutory limit.

#### 6. CAPITAL ASSETS AND DEBT ADMINISTRATION

#### A. Capital Assets

At June 30, 2015, the District had invested in a broad range of capital assets, as indicated in the table below. The net decrease in capital assets is due to depreciation of \$1,512,512 in excess of capital additions of \$463,484 recorded for the year ended June 30, 2015. A summary of the District's capital assets, net of depreciation at June 30, 2015 and 2014 is as follows:

	_	2015		2014	 Increase (Decrease)
Land Construction work in progress	\$	171,241 1,402,559	\$	171,241 1,098,680	\$ 303,879
Buildings and improvements Furniture and equipment		11,149,544 1,266,289		12,520,661 1,248,079	(1,371,117) 18,210
Capital assets, net	\$	13,989,633	_\$	15,038,661	\$ (1,049,028)

#### B. Debt Administration

At June 30, 2015, the District had total bonds payable of \$4,865,000. The bonds were issued for school building improvements. The decrease in outstanding debt represents principal payments. There were no new issuances of long-term debt during the year ended June 30, 2015. A summary of the outstanding debt at June 30, 2015 and 2014 is as follows:

Issue Date	Interest Rate	 2015	 2014	 Increase (Decrease)
2006	4% - 4.375%	\$ 1,200,000	\$ 1,400,000	\$ (200,000)
2008	3% - 4%	1,065,000	1,700,000	(635,000)
200B	3.5% - 4%	 2,600,000	 2,900,000	(300,000)
		\$ 4,865,000	\$ 6,000,000	\$ (1,135,000)

The District's latest underlying, long-term credit rating from Moody's Investors Service, Inc. is Aa2. The District's outstanding serial bonds at June 30, 2015 are approximately 2.14% of the District's debt limit.

#### 7. ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

#### A. Subsequent Year's Budget

The general fund budget, the only fund with a legally adopted budget, as approved by the voters on May 19, 2015, for the year ending June 30, 2016, is \$42,397,368, which is an increase of \$2,070,520 over the prior year's budget.

The tax certiorari proceeding initiated by the Long Island Power Authority to challenge its property tax assessment has not been settled. The results of such a challenge can have a considerable effect on the District's residential property taxes and future school district budgets.

#### **B. Future Budgets**

Significant increases in costs of health insurance, the property tax cap, and uncertainty in state aid and federal funds will greatly impact the District's future budgets.

#### C. Tax Cap

New York State law limits the increase in the property tax levy of school districts to the lesser of 2% or the rate of inflation to June 15, 2020. There are additional statutory adjustments in the law. School districts may override the tax levy limit by presenting to the voters a budget that requires a tax levy that exceeds the statutory limit. However, that budget must be approved by 60% of the votes cast. The District's 2015-16 property tax increase of 1.62% was equal to the tax cap and did not require an override vote.

#### D. Property Tax Freeze

Last year, New York State enacted a law to effectively "freeze" property taxes for two years on the primary residences of homeowners with annual incomes at or below \$500,000 in school districts and local governments that stay within the tax cap. Qualifying homeowners will receive a credit, which will be distributed in the form of a check from New York State, up to the calculated amount of the tax cap. The program also requires the school districts and local governments in the second year to develop or participate in the development of a state approved government efficiency plan that will achieve savings for taxpayers. The law was effective for school districts starting with the 2014-15 school year and qualifying homeowners received refund checks in the fall of 2014. This program provides an incentive for the District to be tax cap compliant.

#### 8. CONTACTING THE DISTRICT

This financial report is designed to provide the reader with a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. Requests for additional information can be directed to:

# PORT JEFFERSON UNION FREE SCHOOL DISTRICT Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

For The Year Ended June 30, 2015

to the test anded june 30, 2013			
Net Change in Fund Balances		\$	1,787,050
Amounts reported for governmental activities in the Statement of Activities are different because:			
Long-Term Revenue and Expense Differences			
In the Statement of Activities, certain operating revenues are measured by the amounts earned during the year. In the governmental funds, however, revenue for these items are measured by the amount of financial resources provided (essentially, the amounts actually received).			
Local grant revenue State legislative grant	\$ (781) (20,100)		
Expenditures for insurance are recorded in the governmental fund when paid; however, the expense is recorded in the Statement of Activities in the period that it relates to. Prepaid insurance decreased from June 30, 2014 to June 30, 2015.	(5,452)		
Bond premiums are recorded as revenue in the governmental funds when received; however, the revenue is recorded in the Statement of Activities over the life of the bonds.	6,191		
Certain expenditures in the governmental funds requiring the use of current financial resources (amounts paid) may exceed the amounts incurred during the year, resulting in a reduction of the long-term liability and an increase in the net position.			
Decrease in workers' compensation claims liability	58,405		
Certain operating expenses do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, but are expensed in the Statement of Activities.			
Increase in compensated absences payable Increase in net other postemployment benefits obligation	(111,323) (2,683,419)	ſ	2,756,479)
Capital Related Differences			,=,, =,, ,,
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are capitalized and shown in the Statement of Net Position and allocated over their useful lives as annual depreciation expenses in the Statement of Activities. This is the amount by which depreciation exceeded capital outlays in the period.			
Capital outlays Depreciation expense	463,484 (1,512,512)	,	1 040 020
Long-Term Debt Transactions Differences		ŧ	1,049,028)
Repayment of long-term debt is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities.			
Repayment of bond principal	1,135,000		
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. This is the amount by which accrued interest decreased from June 30, 2014 to June 30, 2015.	2,979		
Pension Differences			1,137,979
The decrease in the proportionate share of the collective pension expense of the state retirement plans reported in the Statement of Activities did not affect current financial resources and, therefore, is not reported in the governmental funds.			
Teachers' retirement system Employees' retirement system	3,030,466 198,685

#### PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Port Jefferson Union Free School District (District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) for governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles. Significant accounting principles and policies used by the District are as follows:

#### A. Reporting Entity

The District is governed by the laws of New York State. The District is an independent entity governed by an elected Board of Education consisting of seven members. The President of the Board serves as the chief fiscal officer and the Superintendent is the chief executive officer. The Board is responsible for, and controls all activities related to public school education within the District. Board members have authority to make decisions, power to appoint management, and primary accountability for all fiscal matters.

The financial reporting entity is based on criteria set forth by GASB. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the District. The District is not a component unit of another reporting entity. The decision to include a potential component unit in the District's reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following entity is included in the District's financial statements:

#### **Extraclassroom Activity Funds**

The extraclassroom activity funds of the District represent funds of the students of the District. The Board of Education exercises general oversight of these funds. The extraclassroom activity funds are independent of the District with respect to its financial transactions and the designation of student management. The District reports these assets held by it as agent for the extraclassroom organizations in the Statement of Fiduciary Net Position - Fiduciary Fund. Separate audited financial statements of the extraclassroom activity funds can be found at the District's Business Office.

#### **B.** Joint Venture

The District is a component district in the Board of Cooperative Educational Services of Eastern Suffolk (BOCES). A BOCES is a voluntary, cooperative association of school districts in a geographic area that share planning, services, and programs which provide educational and support activities. BOCES are organized under Section §1950 of the Education Law. A BOCES Board is considered a corporate body. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of Section §1950 of the Education Law. All BOCES property is held by the BOCES Board as a corporation under Section §1950(6). In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under Section

NOTES TO FINANCIAL STATEMENTS (Continued)

§119-n(a) of the General Municipal Law. A BOCES budget is comprised of separate budgets for administrative, program, and capital costs. Each component district's share of administrative and capital cost is determined by resident public school district enrollment as defined in Education Law, Section §1950(4)(b)(7). There is no authority or process by which a school district can terminate its status as a BOCES component. In addition, component school districts pay tuition or a service fee for programs in which its students participate.

#### C. Basis of Presentation

#### **District-Wide Financial Statements**

The Statement of Net Position and the Statement of Activities present information about the overall governmental financial activities of the District, except for fiduciary activities. Eliminations have been made to minimize the double counting of interfund transactions. Governmental activities generally are financed through taxes, state aid, intergovernmental revenues, and other exchange and nonexchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants, if applicable.

The Statement of Net Position presents the financial position of the District at fiscal year end. The Statement of Activities presents a comparison between program expenses and revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Employee benefits are allocated to functional areas in proportion to the payroll expended for those areas. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants, contributions, and other revenues that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including real property taxes and state aid, are presented as general revenues.

#### **Fund Financial Statements**

The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund type, governmental and fiduciary, are presented. The District's financial statements present the following fund types:

**Governmental Funds** - are those through which most governmental functions are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The emphasis of governmental fund financial statements is on major funds as defined by GASB, each displayed in a separate column. The following are the District's major governmental funds:

**General Fund** - is the general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund.

**Special Aid Fund** - is used to account for the proceeds of specific revenue sources such as federal and state grants that are legally restricted to expenditures for specified purposes. These legal restrictions may be imposed by either governments that provide the funds or outside parties.

**School Lunch Fund** - is used to account for the activities of the food service program.

# PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS (Continued)

**Debt Service Fund** - accounts for the accumulation of resources and the payment of principal and interest on long-term general obligation debt of governmental activities.

**Capital Projects Fund** – is used to account for the financial resources used for acquisition, construction, or major repair of capital facilities.

**Fiduciary Funds:** are used to account for activities in which the District acts as trustee or agent for resources that belong to others. These activities are not included in the district-wide financial statements, because their resources do not belong to the District, and are not available to be used. There are two classes of fiduciary funds:

**Agency Funds** - These funds are strictly custodial in nature and do not involve the measurement of results of operations. Assets are held by the District as agent for various student groups or extraclassroom activity funds and for payroll or employee withholding.

**Private Purpose Trust Funds** - These funds are used to account for trust arrangements in which principal and income benefits annual third party awards and scholarships for students. Established criteria govern the use of the funds and members of the District or representatives of the donors may serve on committees to determine who benefits.

#### D. Measurement Focus and Basis of Accounting

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The district-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include real property taxes, grants and donations. On an accrual basis, revenue from real property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 180 days after the end of the fiscal year, except for real property taxes, which are considered to be available if they are collected within 60 days after the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, compensated absences, and other postemployment benefits, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

# PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS (Continued)

#### E. Real Property Taxes

#### <u>Calendar</u>

Real property taxes are levied annually by the Board no later than November 1st and become a lien on December 1st. Taxes are collected by the Town of Brookhaven and remitted to the District from December to June.

#### **Enforcement**

Uncollected real property taxes are subsequently enforced by Suffolk County in June.

#### F. Restricted Resources

When an expense is incurred for purposes for which both restricted and unrestricted net resources are available, the District's policy concerning which to apply first varies with the intended use, and with associated legal requirements, many of which are described elsewhere in these Notes to Financial Statements.

#### G. Interfund Transactions

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include transfers to provide financing or other services. This includes the transfer of unrestricted general fund revenues to finance various programs that the District must account for in other funds in accordance with budgetary authorizations.

In the district-wide statements, the amounts reported on the Statement of Net Position for interfund receivables and payables represent amounts due between different fund types (governmental activities and fiduciary funds). Eliminations have been made for all interfund receivables and payables between the funds, with the exception of those due from or to the fiduciary funds.

The governmental funds report all interfund transactions as originally recorded. Interfund receivables and payables are netted on the accompanying governmental funds balance sheet when it is the District's practice to settle these amounts at a net balance based upon the right of legal offset.

A detailed disclosure by individual fund for interfund receivables, payables, transfers in and transfers out activity is provided subsequently in these Notes to Financial Statements.

#### H. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including compensated absences, other postemployment benefits, workers' compensation liabilities, potential contingent liabilities and useful lives of long-lived assets.

NOTES TO FINANCIAL STATEMENTS
(Continued)

#### I. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, bank deposits and investments with a maturity date of three months or less from date of acquisition.

Certain cash balances are restricted by various legal and contractual obligations, such as legal reserves and debt agreements.

#### J. Receivables

Receivables are shown net of an allowance for uncollectibles, if any. However, no allowance for uncollectibles has been provided since it is believed that such allowance would not be material.

#### K. Inventories and Prepaid Items

Inventories of food in the school lunch fund are recorded at cost on a first-in, first-out basis or in the case of surplus food donated by the U.S. Department of Agriculture, at the Government's assigned value, which approximates market. These inventories are accounted for on the consumption method.

Purchases of inventoriable items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount.

Prepaid items represent payments made by the District for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the district-wide and fund financial statements. These items are reported as assets on the Statement of Net Position and Balance Sheet using the consumption method.

A portion of fund balance has been classified as nonspendable to indicate that inventory does not constitute available spendable resources.

#### L. Capital Assets

Capital assets are reflected in the district-wide financial statements. Capital assets are reported at actual cost, when the information is available, or estimated historical cost based on professional third-party information. Donated assets are reported at estimated fair market value at the date of donation.

All capital assets, except land and construction in progress, are depreciated on a straight line basis over their estimated useful lives. Capitalization thresholds, the dollar value above which asset acquisitions are added to the capital asset accounts, and estimated useful lives of capital assets as reported in the district-wide statements are as follows:

	•	talization reshold	Estimated Useful Life	
Buildings and improvements	\$	15,000	30 years	
Furniture and equipment		2,000	5-20 years	
Land improvements		15,000	30 years	
Vehicles		2,000	8 years	

NOTES TO FINANCIAL STATEMENTS (Continued)

#### M. Deferred Outflows of Resources

Deferred outflows of resources, in the Statement of Net Position, represents a consumption of net position that applies to a future reporting period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has two items that qualify for reporting in this category. The first item is related to pensions and represents the effect of the net change in the District's proportion of the collective net pension asset or liability and difference during the measurement period between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense. The second item is the District's contributions to the pension systems (TRS and ERS Systems) subsequent to the measurement date.

#### N. Collections in Advance

Collections in advance arise when resources are received by the District before it has a legal claim to them, as when grants monies are received prior to the incurrence of qualifying expenditures or when charges for services monies are received in advance from payers prior to the services being rendered by the District. These amounts are recorded as liabilities in the financial statements. The liabilities are removed and revenues are recognized in subsequent periods when the District has legal claim to the resources.

#### O. Deferred Inflows of Resources

Deferred inflows of resources represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. First is unavailable revenues reported in the governmental funds when potential revenues do not meet the availability criterion for recognition in the current period. The second item is related to pensions reported in the district-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension liability and difference during the measurement periods between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense.

#### P. Vested Employee Benefits - Compensated Absences

Compensated absences consist of unpaid accumulated sick leave and vacation time.

Sick leave eligibility and accumulation is specified in collective bargaining agreements and in individual employment contracts. Upon retirement, resignation or death, employees may contractually receive a payment based on unused accumulated sick leave. Certain collectively bargained agreements require these termination payments to be paid in the form of non-elective contributions into the employee's 403(b) plan.

Vacation eligibility and accumulation is specified in collective bargaining agreements and in individual employment contracts. Some earned benefits may be forfeited if not taken within varying time periods.

The liability for compensated absences has been calculated using the vesting method and an accrual for that liability is included in the district-wide financial statements. The compensated absences liability is calculated based on the pay rates in effect at year-end.

In the fund financial statements, a liability is reported only for payments due for unused compensated absences for those employees that have obligated themselves to separate from service with the District by June 30th.

NOTES TO FINANCIAL STATEMENTS (Continued)

#### O. Other Benefits

Eligible District employees participate in the New York State Teachers' Retirement System or the New York State and Local Employees' Retirement System.

District employees may choose to participate in the District's elective deferred compensation plans established under Internal Revenue Code Sections 403(b) and 457.

The District provides health insurance coverage for active employees pursuant to collective bargaining agreements and individual employment contracts.

In addition to providing these benefits, the District provides postemployment health insurance coverage and survivor benefits for most retired employees and their survivors. Collective bargaining agreements and individual employment contracts determine if District employees are eligible for these benefits if they reach normal retirement age while working for the District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The cost of providing post-retirement benefits is shared between the District and the retired employee. The District recognizes the cost of providing health insurance by recording its share of insurance premiums as an expenditure in the governmental funds as the liabilities for premiums mature (come due for payment). In the district-wide statements, the cost of postemployment health insurance coverage is recognized on the accrual basis of accounting in accordance with GASB Statement No. 45.

#### R. Short-Term Debt

The District may issue revenue anticipation notes (RAN) and tax anticipation notes (TAN), in anticipation of the receipt of revenues. These notes are recorded as a liability of the fund that will actually receive the proceeds from the issuance of the notes. The RANs and TANs represent a liability that will be extinguished by the use of expendable, available resources of the fund.

The District may issue bond anticipation notes (BAN), in anticipation of proceeds from the subsequent sale of bonds. These notes are recorded as current liabilities of the funds that will actually receive the proceeds from the issuance of bonds. State law requires that BANs issued for capital purposes be converted to long-term financing within five years after the original issue date.

#### S. Equity Classifications

#### **District-Wide Statements**

In the district-wide statements there are three classes of net position:

Net investment in capital assets – Consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisitions, construction and improvements of those assets.

Restricted - Reports net position when constraints placed on the assets or deferred outflows of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted – Reports the balance of net position that does not meet the definition of the above two classifications.

NOTES TO FINANCIAL STATEMENTS (Continued)

#### **Fund Statements**

The fund statements report fund balance classifications according to the relative strength of spending constraints placed on the purpose for which resources can be used, as follows:

Nonspendable – Consists of amounts that are inherently nonspendable in the current period either because of their form or because they must be maintained intact. Nonspendable fund balance consists of inventories, prepaids and the long-term portion of loans receivable.

Restricted – Consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation. The District has established the following restricted fund balances:

#### Workers' Compensation Reserve

Workers' Compensation Reserve (GML §6-j) is used to pay for compensation benefits and other expenses authorized by Article 2 of the Workers' Compensation Law, and for payment of expenses of administering this self-insurance program. The reserve may be established by Board action, and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. The reserve is accounted for in the general fund.

#### Unemployment Insurance Reserve

Unemployment Insurance Reserve (GML §6-m) is used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund. The reserve is accounted for in the general fund.

#### Retirement Contribution Reserve

Retirement Contribution Reserve (GML §6-r) is used for the purpose of financing retirement contributions payable to the New York State and Local Employees' Retirement System. The Board, by resolution, may establish the reserve and authorize expenditures from the reserve. The reserve is funded by budgetary appropriations or taxes raised for the reserve, revenues that are not required by law to be paid into any other fund or account, transfers from reserves and other funds that may legally be appropriated. The reserve is accounted for in the general fund.

NOTES TO FINANCIAL STATEMENTS (Continued)

#### Employee Benefit Accrued Liability Reserve

Employee Benefit Accrued Liability Reserve (GML §6-p) is used to reserve funds for the payment of accrued employee benefit primarily based on unused and unpaid sick leave, personal leave, holiday leave or vacation time due an employee upon termination of the employee's service. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated. The reserve is accounted for in the general fund.

#### Capital Reserve

Capital Reserve (Education Law §3651) is used to pay the cost of any object or purpose for which bonds may be issued. The creation of a capital reserve fund requires authorization by a majority of the voters establishing the purpose of the reserve; the ultimate amount, its probable term and the source of the funds. Expenditure may be made from the reserve only for a specific purpose further authorized by the voters. The form for the required legal notice for the vote on establishing and funding the reserve and the form of the proposition to be placed on the ballot are set forth in §3651 of the Education Law. The reserve is accounted for in the general fund.

#### Restricted for Debt Service

Unexpended balances of proceeds of borrowings for capital projects; interest and earnings from investing proceeds of obligations, and premium and accrued interest are recorded in the debt service fund and held until appropriated for debt payments. These restricted amounts are accounted for in the debt service fund.

#### Restricted for Scholarships

Amounts restricted for scholarships are used to account for monies donated for scholarship purposes, including earnings and net of awards. These restricted funds are accounted for in the private purpose trust fund.

Assigned – Consists of amounts that are subject to a purpose constraint that represents an intended use established by the District's Board of Education. The purpose of the assignment must be narrower than the purpose of the general fund, and in funds other than the general fund, assigned fund balance represents the residual amount of fund balance. Assigned fund balance includes an amount appropriated to partially fund the subsequent year's budget, as well as encumbrances not classified as restricted at the end of the fiscal year.

Unassigned – Represents the residual classification for the District's general fund and could report a surplus or deficit. In funds other than the general fund, the unassigned classification is used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted or assigned. NYS Real Property Tax Law §1318, restricts the unassigned fund balance of the general fund to an amount not greater than 4% of the subsequent year's budget.

NOTES TO FINANCIAL STATEMENTS
(Continued)

#### **Fund Balance Classification**

Any portion of fund balance may be applied or transferred for a specific purpose by law, voter approval if required by law or by formal action of the Board of Education if voter approval is not required. Amendments or modification to the applied or transferred fund balance must also be approved by formal action of the Board of Education.

The Board of Education shall delegate the authority to assign fund balance, for encumbrance purposes, to the person(s) to whom it has delegated the authority to sign purchase orders.

In circumstances where an expenditure is incurred for a purpose for which amounts are available in multiple fund balance classifications (that is restricted, assigned or unassigned), the expenditure is to be spent first from the restricted fund balance to the extent appropriated by either budget vote or board approved budget revision and then from the assigned fund balance to the extent that there is an assignment and then from the unassigned fund balance.

#### T. New Accounting Standards

The District has implemented the following current Statements of the Governmental Accounting Standards Board (GASB) that are applicable as of June 30, 2015:

Statement No. 68, Accounting and Financial reporting for Pensions – An Amendment of GASB Statement No. 27 and No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date.

#### U. Future Changes in Accounting Standards

GASB has issued Statement No. 72, Fair Value Measurement and Application effective for the year ending June 30, 2016.

GASB has issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for the year ending June 30, 2018. This statement replaces the requirements of Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as amended, and No. 57, OPEB Measurement by Agent Employers and Agent Multiple Employer Plans, for OPEB. Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, establishes new accounting and financial reporting requirements for OPEB plans.

GASB has issued Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments, effective for the year ending June 30, 2016.

The District will evaluate the impact each of these pronouncements may have on its financial statements and will implement them as applicable and when material.

#### 2. CHANGES IN ACCOUNTING PRINCIPLES

#### GASB Statements No. 68 and 71

For the fiscal year ended June 30, 2015, the District implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date—an Amendment of GASB Statement No. 68. The implementation of the Statements requires the District to report as an asset and/or

NOTES TO FINANCIAL STATEMENTS (Continued)

liability its portion of the collective net pension asset and/or liability in the New York State Teachers' and Employees' Retirement Systems. The implementation of the Statements also requires the District to report a deferred outflow and/or inflow for the effect of the net change in the District's proportion of the collective net pension asset and/or liability and difference during the measurement period between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense. Also included as deferred outflows, are the District's contributions to the pension systems subsequent to the measurement date.

### 3. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENTS AND THE DISTRICT-WIDE STATEMENTS

Due to the differences in the measurement focus and basis of accounting used in the governmental fund statements and the district-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic resource measurement focus of the District-wide statements, compared with the current financial resource measurement focus of the governmental funds.

#### A. Total Fund Balances of Governmental Funds vs. Net Position of Governmental Activities

Total fund balances of the District's governmental funds differ from net position of governmental activities reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the governmental fund Balance Sheet.

#### B. Statement of Revenues, Expenditures and Changes in Fund Balance vs. Statement of Activities

Differences between the Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities fall into one of four broad categories.

#### Long-Term Revenue and Expense Differences

Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas the Statement of Activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities, thereby affecting expenses such as compensated absences and other postemployment benefits.

#### **Capital Related Differences**

Capital related differences include the difference between proceeds from the sale of capital assets reported on fund statements and the gain or loss on the sale of assets as reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the fund statements and depreciation expense on those items as recorded in the Statement of Activities.

#### **Long-Term Debt Transaction Differences**

Long-term debt transaction differences occur because the issuance of long-term debt provides current financial resources to governmental funds, but is recorded as a liability in the Statement of Net Position. In addition, both interest and principal are recorded as expenditures in the fund statements when due and payable, whereas interest expense is recorded in the Statement of Activities as it accrues, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position.

NOTES TO FINANCIAL STATEMENTS (Continued)

#### Pension Differences

Pension differences occur as a result of changes in the District's proportion of the collective net pension asset/liability and differences between the District's contributions and its proportionate share of the total contributions to the pension systems.

#### 4. STEWARDSHIP. COMPLIANCE AND ACCOUNTABILITY

#### A. Budgets

The District administration prepares a proposed budget for approval by the Board of Education for the general fund, the only fund with a legally adopted budget.

The voters of the District approved the proposed appropriation budget for the general fund.

Appropriations are adopted at the program line item level.

Appropriations established by the adoption of the budget constitute a limitation on expenditures (and encumbrances) that may be incurred. Appropriations authorized for the year are increased by the amount of encumbrances carried forward from the prior year. Appropriations lapse at the end of the fiscal year unless expended or encumbered. Encumbrances will lapse if not expended in the subsequent year. Appropriations authorized for the current year can be funded by the planned use of specific reserves, and can be increased by budget amendments approved by the Board of Education as a result of selected new revenue sources not included in the original budget (when permitted by law) and appropriation of fund balances. These supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists which was not determined at the time the budget was adopted. The following supplemental appropriations occurred during the year:

Workers' compensation settlement funded through the use of unassigned fund balance.	\$ 110,000
Transfer to the capital projects fund for bathroom renovations - funded with additional state aid.	250,000
Additional appropriation to participate in the STEM program at SUNY Stony Brook - funded by a	
legislative grant.	 20,100
	\$ 380,100

Budgets are adopted annually on a basis consistent with GAAP.

Budgets are established and used for individual capital projects based on authorized funding. The maximum project amount authorized is based upon the estimated cost of the project. These budgets do not lapse and are carried over to subsequent fiscal years until the completion of the projects.

#### **B.** Encumbrances

Encumbrance accounting is used for budget control and monitoring purposes and is reported as a part of the governmental funds. Under this method, purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve applicable appropriations. Outstanding encumbrances as of year-end are presented as part of assigned fund balance, unless classified as restricted, and do not represent expenditures or liabilities. These commitments will be honored in the subsequent period. Related expenditures are recognized at that time, as the liability is incurred or the commitment is paid.

NOTES TO FINANCIAL STATEMENTS (Continued)

#### 5. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

The District's investment policies are governed by state statutes and District policy. Resources must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within the state. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements and obligations of New York State or its localities. Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its Agencies and obligations of New York State and its municipalities. Investments are stated at fair value.

Custodial credit risk is the risk that in the event of a bank failure, the District may be unable to recover deposits or collateral securities that are in possession of an outside agency. GASB directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are as follows:

- A. Uncollateralized,
- B. Collateralized by securities held by the pledging financial institution, or
- C. Collateralized by securities held by the pledging financial institution's trust department or agent but not in the District's name.

The District's aggregate bank balances were covered by FDIC insurance or fully collateralized by securities and/or letters of credit pledged on the District's behalf at year end.

The District did not have any investments at year-end or during the year. Consequently, the District was not exposed to any material interest rate risk or foreign currency risk.

#### 6. PARTICIPATION IN BOCES

During the year ended June 30, 2015, the District was billed \$1,789,952 for BOCES administrative and program costs. The District's share of BOCES aid amounted to \$196,989. Financial statements for the BOCES are available from the BOCES administrative offices at 201 Sunrise Highway, Patchogue, New York 11772.

#### 7. DUE FROM STATE AND FEDERAL

Due from state and federal at June 30, 2015 consisted of:

General Fund
New York State - excess cost aid
\$ 103,390

Special Aid Fund
Federal and state grants
\$ 478,380

School Lunch Fund
Federal & state food service program reimbursements
\$ 3,710

\$ 585,480

#### 8. Due from other governments

Due from other governments at June 30, 2015 in the amount of \$579,221 consists of amounts due from other school districts for tuition and health services in the amount of \$382,232 and \$196,989 due from BOCES.

## PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS

(Continued)

#### 9. INTERFUND TRANSACTIONS

Interfund balances and activities at June 30, 2015, are as follows:

	Interfund							
	Receivable		_	<u>Payable</u>		Transfers In		nsfers Out
General Fund	\$	580,244	\$	384,637	\$		\$	500,921
Special Aid Fund				1,307,246		35,921		
School Lunch Fund		21,844		15,000		15,000		
Debt Service Fund		2,806,086						
Capital Projects Fund				1,697,065		450,000		
Total Governmental Funds		3,408,174		3,403,948		500,921		500,921
Fiduciary Funds		1,340		5,566				
Total	\$	3,409,514	\$	3,409,514	\$	500,921	\$	500,921

The District typically transfers from the general fund to the special aid fund and the capital projects fund in accordance with the general fund budget.

#### 10. CAPITAL ASSETS

Capital asset balances and activity for the year ended June 30, 2015 were as follows:

	Balance			Balance
	June 30, 2014	Additions	Reductions	June 30, 2015
Governmental activities				
Capital assets not being depreciated				
Land	\$ 171,241	\$	\$	\$ 171,241
Construction work in progress	1,098,680	303,879	ф	•
Total capital assets	1,090,000	303,079		1,402,559
not being depreciated	1,269,921	303,879		1 572 000
not being depreciated	1,209,921	303,077		1,573,800
Capital assets being depreciated				
Buildings and improvements	32,716,124		(21,702)	32,694,422
Furniture and equipment	2,207,181	159,605	(109,125)	2,257,661
Total capital assets				
being depreciated	34,923,305	159,605	(130,827)	34,952,083
Less accumulated depreciation for:				
Buildings and improvements	20,195,463	1,371,117	(21,702)	21,544,878
Furniture and equipment	959,102	141,395	(109,125)	991,372
Total accumulated depreciation	21,154,565	1,512,512	(130,827)	22,536,250
Total capital assets,				
being depreciated, net	13,768,740	(1,352,907)		12,415,833
Capital assets, net	\$ 15,038,661	\$ (1,049,028)	\$ -	\$ 13,989,633

## NOTES TO FINANCIAL STATEMENTS (Continued)

Depreciation expense was charged to governmental functions as follows:

General support	\$ 32,222	
Instruction	1,472,070	
Food service program	8,220	_
Total depreciation expense	\$ 1.512.512	

#### 11. SHORT-TERM DEBT

Transactions in short-term debt for the year are summarized below:

	Maturity	Effective Interest Rate	Balance June 30, 2014	Issued	Redeemed	Balance June 30, 2015
TAN	6/26/2014	0.40%	\$	\$ 3,500,000	\$ (3,500,000)	\$

Interest on short-term debt for the year was \$9,427.

#### 12. LONG-TERM LIABILITIES

#### A. Changes

Long-term liability balances and activity for the year are summarized below:

	Balance June 30, 2014	Additions	Reductions	Balance June 30, 2015	Amounts Due Within One Year
Long-term debt: Bonds payable	\$ 6,000,000	\$	\$ (1,135,000)	\$ 4,865,000	\$ 1,120,000
Other long-term liabilities Compensated absences Workers' compensation	2,844,772 62,325	•	(201,389)	2,956,095 3,920	150,000
	\$ 8,907,097	\$ 254,307	\$ (1,336,389)	\$ 7,825,015	\$ 1,270,000

The general fund has typically been used to liquidate other long-term liabilities.

#### **B.** Bonds Payable

Bonds payable is comprised of the following:

Description	Issue Date	Final Maturity	Interest Rate	Outstanding at June 30, 2015
Construction serial bond	2006	6/1/2021	4% - 4.375%	\$ 1,200,000
Construction serial bond Construction serial bond	2008 2008	6/1/2019 6/15/2023	3% - 4% 3.5% - 4%	1,065,000 2,600,000
				\$ 4,865,000

NOTES TO FINANCIAL STATEMENTS (Continued)

The following is a summary of debt service requirements for bonds payable:

Fiscal Year Ending June 30,	Principal	Interest	Total
2016	\$ 1.120.000	\$ 181,963	\$ 1.301.963
2017	650,000	148,394	798.394
2018	650,000	122,863	772,863
2019	645,000	97,150	742,150
2020	550,000	73,500	623,500
2021 - 2023	1,250,000	92,750	1,342,750
Total	\$ 4,865,000	\$ 716,620	\$ 5,581,620

#### C. Interest Expense

Interest on long-term debt for the year was composed of:

Interest paid	\$	223,153
Less interest accrued in the prior year		(13,903)
Plus interest accrued in the current year		10,924
	-	
Total interest expense on long-term debt	\$	220,174

#### 13. PENSION PLANS - NEW YORK STATE

#### A. General Information

The District participates in the New York State Teachers' Retirement System (TRS) and the New York State and Local Employees' Retirement System (ERS). These are cost-sharing multiple employer, public employee retirement systems. The systems provide retirement, disability, withdrawal and death benefits to plan members and beneficiaries related to years of service and final average salary.

#### B. Provisions and Administration

#### **Teachers' Retirement System**

The TRS is administered by the New York State Teachers' Retirement Board. The TRS provides benefits to plan members and beneficiaries as authorized by the Education Law and the New York State Retirement and Social Security Law of the State of New York (NYSRSSL). The system is governed by a 10 member board of trustees. Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York Public Schools and BOCES who elected to participate in the TRS. Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Additional information regarding the TRS may be found by referring to the NYSTRS Comprehensive Annual Financial report which can be found on the TRS website at www.nystrs.org or obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12211-2395.

## PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS (Continued)

#### Employees' Retirement System

Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law. The net position of the ERS is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the ERS. As set forth in the New York State Retirement and Social Security Law of the State of New York (NYSRSSL), the Comptroller of the State of New York (Comptroller) serves as sole trustee and administrative head of the ERS. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the ERS and for the custody and control of its funds. Once a public employer elects to participate in ERS, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The ERS is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Employees' Retirement System, 110 State Street, Albany, NY 12244.

#### **C. Funding Policies**

Plan members who joined the systems before July 27, 1976, are not required to make contributions. Those joining on or after July 27, 1976, and before January 1, 2010, with less than ten years of credited services are required to contribute 3% of their salary. Those joining on or after January 1, 2010 and before April 1, 2012, are required to contribute 3% of their salary to ERS or 3.5% of their salary to TRS throughout active membership. Those joining on or after April 1, 2012, are required to contribute between 3% and 6% dependent on their salary throughout active membership. Employers are required to contribute at an actuarially determined rate based on salaries paid. For the TRS, the employers' contribution rate is established annually by the New York State Teachers' Retirement Board for the fiscal year ended June 30. For the ERS, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the ERS' fiscal year ending March 31.

The District's share of the required contributions based on the current year's covered payroll for the current year and two preceding years was:

Year		NYSTRS	NYSERS		
2015	\$	2,607,335	\$	535.302	
2014		2,313,223		545,222	
2013		1,659,326		598,836	

NOTES TO FINANCIAL STATEMENTS (Continued)

## D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, the District reported the following asset/(liability) for its proportionate share of the net pension asset/(liability) for each of the Systems. The net pension asset/(liability) was measured as of June 30, 2014, for TRS and March 31, 2015 for ERS. The total pension asset/(liability) used to calculate the net pension asset/(liability) was determined by an actuarial valuation. The District's proportion of the net pension asset/(liability) was based on a projection of the District's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the TRS and ERS Systems in reports provided to the District.

	TRS	ERS
Actuarial valuation date	June 30, 2013	April 1, 2014
Net pension asset/(liability)	\$ 10,766,658	\$ (369,157)
District's portion of the Plan's total		
net pension asset/(liability)	0.0966540%	0.0109275%

For the year ended June 30, 2015, the District recognized pension expense (credit) of \$(423,123) for TRS and \$336,618 for ERS. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resou			Resources	
		TRS	ERS		TRS		ERS
Differences between expected and actual experience	\$		\$ 11,817	\$	157,443	\$	
Net difference between projected and actual earnings on pension plan investment	S		64,118		7,230,982		
Changes in proportion and differences between the District's contributions and proportionate share of contributions			10,110		10,210		
District's contributions subsequent to the measurement date		2,607,335	 136,826				<del></del>
Total	\$	2,607,335	\$ 222,871	\$	7,398,635	\$	

District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	TRS	ERS
2016	\$ (1,827,240)	\$ 21,511
2017	(1,827,240)	21,511
2018	(1,827,240)	21,511
2019	(1,827,240)	21,512
2020	(19,495)	
Thereafter	(70,180)	
	\$ (7,398,635)	\$ 86,045

NOTES TO FINANCIAL STATEMENTS (Continued)

#### Actuarial Assumptions

The total pension liability as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following actuarial assumptions:

	TRS	ERS			
Measurement date	June 30, 2014	March 31, 2015			
Actuarial valuation date	June 30, 2013	April 1, 2014			
Interest rate	8.0%	7.5%			
Salary scale	4.01-10.91%	4.9%			
Decrement tables	July 1, 2005 - June 30, 2010 System's Experience	April 1, 2005 - March 31, 2010 System's Experience			
Inflation rate	3.0%	2.7%			

For TRS, annuitant mortality rates are based on July 1, 2005 – June 30, 2010 System's experience with adjustments for mortality improvements based on Society of Actuaries Scale AA. For ERS, annuitant mortality rates are based on April 1, 2005 – March 31, 2010 System's experience with adjustments for mortality improvements based on MP-2014.

For TRS, the actuarial assumptions used in the June 30, 2013 valuation are based on the results of an actuarial experience study for the period July 1, 2005 – June 30, 2010. For ERS, the actuarial assumptions used in the April 1, 2014 valuation are based on the results of an actuarial experience study for the period April 1, 2005 – March 31, 2010.

The long-term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, Selection of Economic Assumptions for Measuring Pension Obligations. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for each major asset class, as well as historical investment data and plan performance.

NOTES TO FINANCIAL STATEMENTS (Continued)

The target allocation and best estimates of the arithmetic real rates of return for each major asset class are summarized below:

	TI	RS	ERS			
	Target Allocation	Long-term Expected Rate of Return	Target Allocation	Long-term Expected Rate of Return		
Measurement date		June 30, 2014		March 31, 2015		
Asset type						
Domestic equity	37.0%	7.30%	38.0%	7.30%		
International equity	18.0%	8.50%	13.0%	8.55%		
Real estate	10.0%	5.00%	8.0%	8.25%		
Alternative investments	7.0%	11.00%	19.0%	6.75-11.00%		
Domestic fixed income securities	18.0%	1.50%				
Global fixed income securities	2.0%	1.40%				
Bonds and mortgages	8.0%	3.40%	18.0%	4.00%		
Short-term		0.80%				
Cash			2.0%	2.25%		
Inflation indexed bonds		_	2.0%	4.00%		
	100.0%		100.0%			

#### **Discount Rate**

The discount rate used to calculate the total pension liability was 8.0% for TRS and 7.5% for ERS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption

The following presents the District's proportionate share of the net pension asset/(liability) calculated using the discount rate of 8.0% for TRS and 7.5% for ERS, as well as what the District's proportionate share of the net pension asset/(liability) would be if it were calculated using a discount rate that is 1-percentage point lower (7.0% for TRS and 6.5% for ERS) or 1-percentage point higher (9.0% for TRS and 8.5% for ERS) than the current rate:

TRS	1% Decrease (7.00)%		Current Assumption (8.00)%		1%	6 Increase (9.00)%
Employer's proportionate share of the net pension asset (liability)	\$ 232,252		\$	\$ 10,766,658		19,743,435
ERS	1% Decrease (6.50)%		Current Assumption (7.50)%		1% Increase (8.50)%	
Employer's proportionate share of the net pension asset (liability)	\$	(2,460,588)	\$	(369,157)	\$	1,396,530

## PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS

(Continued)

#### Pension Plan Fiduciary Net Position

The components of the current-year net pension asset/(liability) of the employers as of the respective valuation dates, were as follows:

	TRS	ERS	Total
	(l	)	
Valuation date	June 30, 2013	April 1, 2014	
Employers' total pension liability	\$ (97,015,707)	\$ (164,591,504)	\$ (261,607,211)
Plan fiduciary net position	108,155,083	161,213,259	269,368,342
Employers' net pension asset/(liability)	11,139,376	(3,378,245)	7,761,131
Ratio of plan fiduciary net position to the employers' net pension asset/(liability)	111.48%	97.95%	102.97%

#### Pavables to the Pension Plan

For TRS, employer and employee contributions for the fiscal year ended June 30, 2015, are paid to the System in September, October and November 2015 through a state aid intercept, with a balance to be paid by the District, if necessary. Accrued retirement contributions as of June 30, 2015, represent employer and employee contributions for the fiscal year ended June 30, 2015, based on paid TRS wages multiplied by the employer's contribution rate and employee contributions for the fiscal year as reported to the TRS System. Accrued retirement contributions as of June 30, 2015 amounted to \$2,607,335 of employer contributions and \$107,318 of employee contributions.

For ERS, employer contributions are paid annually based on the System's fiscal year, which ends on March 31st. Accrued retirement contributions as of June 30, 2015, represent the projected employer contribution for the period of April 1, 2015 through June 30, 2015 based on paid ERS wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of June 30, 2015 amounted to \$136,826 of employer contributions. Employee contributions are remitted monthly.

#### 14. PENSION PLANS - OTHER

#### A. Tax Sheltered Annuities

The District has adopted a 403(b) plan covering all eligible employees. Employees may defer up to 100% of their compensation subject to Internal Revenue Code elective deferral limitations. The District may also make non-elective contributions of certain termination payments based on collectively bargained agreements. Contributions made by the District and the employees for the year ended June 30, 2015, totaled \$104,044 and \$891,972, respectively.

#### **B.** Deferred Compensation Plan

The District has established a deferred compensation plan in accordance with Internal Revenue Code §457 for all employees. The District makes no contributions into this Plan. The amount deferred by eligible employees for the year ended June 30, 2015 totaled \$78,066.

## PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS (Continued)

#### 15. POSTEMPLOYMENT BENEFITS

#### A. Plan Description

The District provides postemployment health care insurance coverage (the healthcare plan) to retired employees in accordance with employment contracts. The plan is a single-employer defined benefit healthcare plan primarily administered through the New York State Health Insurance Program – Empire Plan. The District implemented GASB 45 prospectively in this transition year of implementation. The plan does not issue a stand-alone financial report since there are no assets legally segregated for the sole purpose of paying benefits under the plan.

#### **B.** Funding Policy

The District and the retired employee share the cost of the premiums and recognizes the cost of the healthcare plan annually as expenditures in the general fund of the fund financial statements as the liabilities for premiums mature (come due for payment). For the year ended June 30, 2015, the District recognized a general fund expenditure of \$2,116,597 for 207 currently enrolled retirees. Currently, there is no provision in the law to permit the District to fund other postemployment benefits by any means other than the "pay as you go" method.

#### C. Annual OPEB Cost and Net OPEB Obligation

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation.

Annual required contribution (ARC) Interest on net OPEB obligation Adjustment to ARC Annual OPEB cost (expense) Contributions made	\$ 5,052,639 1,056,668 (1,309,291) 4,800,016 (2,116,597)
Increase in net OPEB obligation Net OPEB obligation - beginning of year	2,683,419 21,133,361
Net OPEB obligation - end of year	\$ 23,816,780

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the year ended June 30, 2015 and the two preceding years are as follows:

Fiscal Year Ended	 Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2015	\$ 4,800,016	44.1%	\$ 23,816,780
June 30, 2014	5,348,355	39.1%	21,133,361
June 30, 2013	5,120,306	37.9%	17,875,373

#### PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS

(Continued)

#### D. Funded Status and Funding Progress

As of July 1, 2014, the most recent valuation date derived from estimates from the previous actuarial valuation dated July 1, 2012, the plan was 0% funded. The actuarial accrued liability for benefits was \$54,374,572 and the actuarial value of assets was \$-0-, resulting in an unfunded actuarial accrued liability (UAAL) of \$54,374,572. The covered payroll (annual payroll of active employees covered by the plan) was \$16,713,300, and the ratio of the UAAL to the covered payroll was 325.3%.

Actuarial valuations of an ongoing plan involved estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The required schedule of funding progress following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2014 valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 5% discount rate and for medical inflation an ultimate healthcare cost trend rate in the initial year of 4.70%, declining to 3.84 % in the final year. The UAAL is being amortized over 30 years using an interest rate equal to the funding rate of 5%.

#### 16. RISK MANAGEMENT

#### A. General Information

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; errors and omissions; and natural disasters. These risks are covered by a combination of self-insurance reserves and commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded available reserves and commercial insurance coverage for the past three years.

## PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS (Continued)

#### **B.** Risk Retention

The District has established a self-insured plan for risks associated with workers' compensation claims. Liabilities of the plan are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for reported and unreported claims which were incurred on or before year end but not reported (IBNR). Claims activity is summarized below:

	 2014	2015		
Unpaid claims at beginning of year Incurred claims and claim adjustment expenses Claim payments	\$ 18,837 142,381 (98,893)	\$	62,325 142,984 (201,389)	
Unpaid claims at year end	\$ 62,325	\$	3,920	

#### C. Public Entity Risk Pool

The District participates in New York Schools Insurance Reciprocal (NYSIR), a non-risk-retained public entity risk pool for its property and liability insurance coverage. The pool is operated for the benefit of individual governmental units located within the pool's geographic area, and is considered a self-sustaining risk pool that will provide coverage for its members. The pool obtains independent coverage for insured events in excess of certain defined limits, and the District has essentially transferred all related risk to the pool.

#### 17. RESTATEMENT OF NET POSITION

For the fiscal year ended June 30, 2015, the District implemented GASB Statement No. 68 Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27. The implementation of Statement No. 68 resulted in the reporting of an asset, deferred outflow of resources, liability and deferred inflow of resources related to the District's participation in the New York State Teachers' and Employees' retirement systems. The District's net position has been restated as follows:

Net position beginning of year, as previously stated	\$ 216,879
GASB Statement No. 68 implementation  Beginning system asset - teachers' retirement system  Beginning system liability - employees' retirement system  Beginning deferred outflow of resources for contributions  subsequent to the measurement date	624,830 (493,797)
Teachers' retirement system Employees' retirement system	 2,320,062 148,826 2,599,921
Net position beginning of year, as restated	\$ 2,816,800

## PORT JEFFERSON UNION FREE SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS

(Continued)

#### 18. COMMITMENTS AND CONTINGENCIES

#### A. Encumbrances

All encumbrances are classified as either restricted or assigned fund balance. At June 30, 2015, the District encumbered the following amounts:

Assigned: Unappropriated Fund Balance: General Fund	
General Support	\$ 549,610
Instruction	 186,829
	 736,439
Capital Projects Fund Capital projects	11.494
	\$ 747,933

#### **B.** Grants

The District has received grants, which are subject to audit by agencies of the state and federal governments. Such audits may result in disallowances and a request for a return of funds. Based on prior audits, the District's administration believes disallowances, if any, would be immaterial.

#### C. Litigation

The District is involved in lawsuits arising from the normal conduct of its affairs. Management believes that the outcome of any matters will not have a material effect on the financial statements.

#### D. Operating Leases

The District leases various equipment under non-cancelable operating leases. Rental expense for the year was \$79,133. The minimum remaining operating lease payments are as follows:

Fiscal Year Ending June 30,		Amount				
2016	\$	69,831				
2017	69,831					
2018	69,831					
2019	21,135					
	\$	230,628				

#### 19. SUBSEQUENT EVENTS

The District has evaluated subsequent events through September 28, 2015, which is the date the financial statements were available to be issued. No significant events were identified that would require adjustment of or disclosure in the financial statements.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Port Jefferson Union Free School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the fiduciary funds of Port Jefferson Union Free School District, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Port Jefferson Union Free School District's basic financial statements, and have issued our report thereon dated September 28, 2015.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Port Jefferson Union Free School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Port Jefferson Union Free School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Port Jefferson Union Free School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

ISLANDIA: 3033 EXPRESS DRIVE NORTH, SUITE 100 • ISLANDIA, NY 11749 WHITE PLAINS: 50 MAIN STREET, SUITE 1000 • WHITE PLAINS, NY 10606 PHONE: (631) 234-4444 • FAX: (631) 234-4234

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Port Jefferson Union Free School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
