

FD MealPlanner

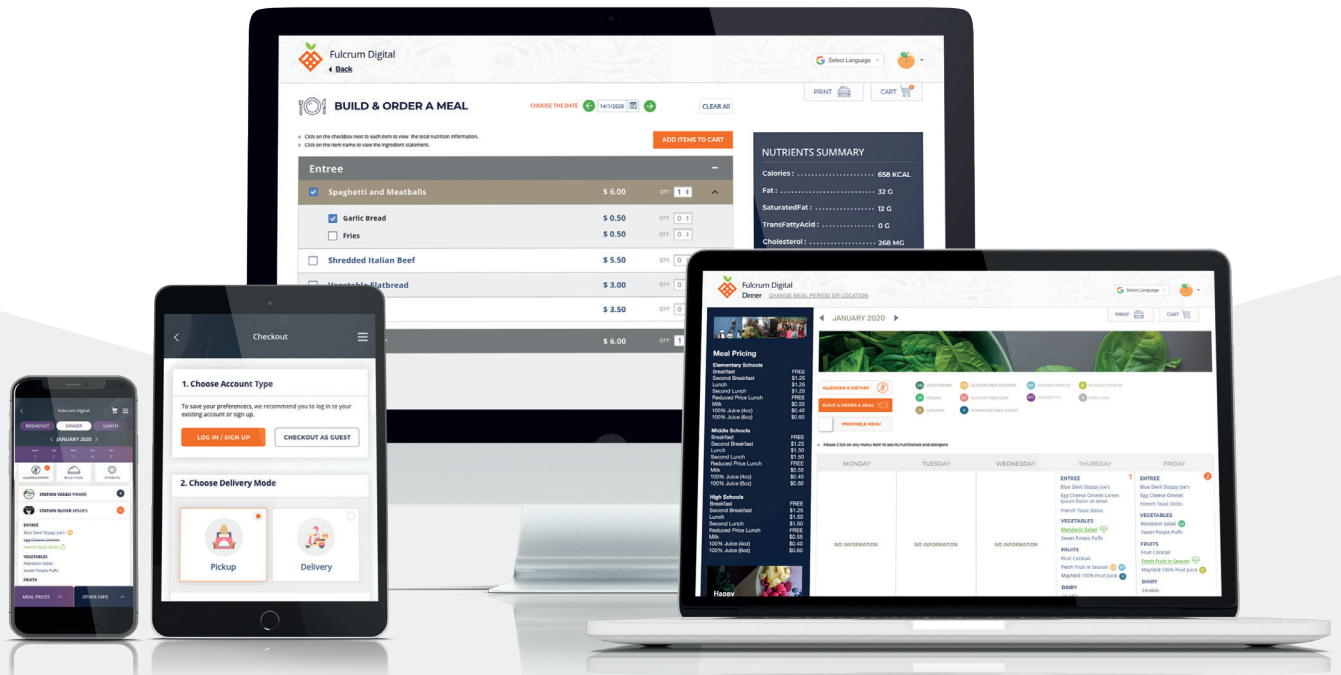

# BACK TO SCHOOL?

We Have You Covered With  
MealPlanner & Our New Online  
Ordering System

DOWNLOAD THE APP TODAY!

## A Solution Trusted by Students, Parents & School Districts Alike. Renowned for its Transparency, Personalization and Unique Health & Wellness Capabilities.

### Transparency, Health & Wellness

- Display genuine product images & descriptions.
- Clear channel for customer feedback through verified rating & comment system.
- Display automated nutrition calculations specific to customer selections totalling item sets.

### Personalization

- Save personal allergen & dietary preferences, along with meal favorites
- Create personal accounts. Monitor multiple students & locations seamlessly
- Automatically filter out unsuitable items & ingredients

### Supporting Your Plan To Safely Reopen Schools with...

- Individual or classroom ordering
- Pickup in the Cafe or receive in classroom
- Ordering available via web or mobile
- Structure School Meal Periods
- Bulk Order Processing & Kitchen Management

### Benefits To Parents & Students:

- View extensive menu options online, order ahead of time and pay in advance or at pickup
- Parents can choose meals for their children based on their unique dietary needs
- Build and customize your meal
- Fluent and straightforward user interface
- Create accounts and save information for future orders to checkout even faster!

### Advantages To Schools:

- Individual or classroom ordering
- Plan staffing and meal preparation around pre orders, reducing waste and lost time
- Set auto schedules, meal period and pickup slots ensuring accurate availability
- Automated manual tasks and reporting metrics reduce inefficiencies
- Reduced cafeteria line and seating congestion
- Allergen flags reduce liability and safety concerns
